Dear Potential Partner:

Never has there been a time in our history that businesses need to market smarter. Today, working hard isn't enough. You need to work smart, looking for the best opportunities that will maximize your chances for success. At the Greater Woodland Park Chamber of Commerce, we have the tools you will need to grow your business, and we open doors to opportunities, new customers and greater success.

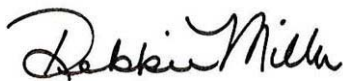

For more than 445 member partners, we present benefits that produce bottom-line results. From networking and marketing opportunities, small business support, public representation and information that can mean more clients and increased profits, your chamber partnership means good business.

Our organization is multi-faceted. We work to improve the business climate through economic and community development. In addition, we offer many member services that include networking events, seminars, marketing and advertising opportunities, as well as our – Partner-to-Partner discount card. We also offer information services (demographic information and business listings). We work closely with city, county, state government and the Pikes Peak Regional Business Partnership as well as the U S Chamber to accomplish our goals and assure that business issues are addressed.

Your partnership investment helps to make our Chamber the leadership organization that is continually seeking to solve problems and not waiting for problems to arise. Here at the Chamber, we realize we are only as good as our partners. Therefore, as we strive to continue providing leadership in Teller County and the Woodland Park area, we want YOU to become one of our invested partners. This will ensure having one of the strongest business voices in the area. By selecting to partner with our organization, you and your business will obtain numerous benefits as I have mentioned above.

We invite your partnership and encourage you to become active in our myriad of programs. Should you have any questions, please feel free to give our office a call at the number listed above.

Sincerely,

Debbie Miller, IOM, ACE
President
